

Cleargreen baths

CLEARGREEN

10
YEAR

GUARANTEE*

The bath is the largest single item in your bathroom, so it has to be right. Britton offers over 30 to choose from, in a wide range of designs, shapes and sizes to suit your space perfectly - all made in our exclusive high-strength Cleargreen format.

Quality

All of our baths utilise high quality materials throughout including:

- Only 3mm LU CITE™ acrylic sheet for the bath moulding, a leading material which is naturally slip-resistant
- Floor-mounted leg fixings which provide a stable base and are adjustable to cope with uneven floors
- A strong baseboard made of recycled material which is fully encapsulated into the bath
- All British and European performance standards when installed in line with our instructions
- A long guarantee of 10 years for Cleargreen baths

Range

We classify our baths into their design styles:

Single ended baths have the backrest at one end and the taps opposite.

Double ended baths have a backrest at both ends with the taps in the centre of the long side.

Showering baths are designed to give a bigger space at the tap end to give freedom of movement whilst showering. These are available in right hand and left hand.

Unique baths - The Nouveau freestanding and the Saturn back to wall bath, both designed for those wanting a real showstopper in their bathroom.

Design

We design all our baths to maximise comfort while in use. Our bath rims are designed to be narrower than other producers, to maximise internal space while retaining a smaller footprint.

Sustain

single-ended

A single ended bath with a subtle square internal shape for those preferring a more angular look. Available in 5 sizes to suit a variety of bathroom sizes.

Single ended

- L: 1600 W: 700 (CGR4)
